

## qyckdeals Merchant Appreciation Campaign “MAC5K”

We are a technology and marketing company out of Dallas, Texas with a growing base of Affiliates that we inspire to patronize local merchants. We’re launching our qyckdeals merchant appreciation campaign in your area now! The MAC5K is a campaign designed to drive business through your doors from our growing number of Affiliates and their customers at **no charge to you**.

**The program is completely FREE. No special discounts are necessary other than what you currently offer. It’s simply business as usual on your end.** Our mission is to prove our worth. Nothing more, nothing less. After we drive 5000 transactions to our chosen merchants, we will compile the data and share that with you. We believe you will appreciate the results from a promotional standpoint via social media and most importantly sales. At that time, you may be offered to stay on board as a MAC5K merchant or upgrade to our soon-to-be-released “qyckdeals 2.0 platform.” The upgrade is absolutely free. When we release the platform, it will rival the competitors in the daily deals industry such as Groupon, Living Social and Travel Zoo. Our ideal merchant is in the service industry with at least one brick and mortar retail location.

Again, there is **no obligation** on your part to continue after we provide our results at your place of business. There’s no cost to upgrade either. The only requirement with upgrading would be for you to offer a discount that works both for you and our customer database. We’ll agree on any terms in moving forward or simply thank you for your participation in our initial MAC5K promotion in your area.

### HOW DOES THE CAMPAIGN WORK?

- You sign up for FREE and receive a Merchant ID number.
- Our members are motivated to patronize merchants on the approved LIST and buy services.
- They take a picture of their receipt that includes their ID number and your new bitqyck ID number written on it.
- They also take a picture that includes you and the business (for example: they take a selfie in front of the business, take a picture of you, or a manager on staff, etc.) on the day of the visit.
- They submit their photos to our social media department for posting.

**WHAT IS THE REWARD?** We reward customers with bitqy (pronounced bit-key), which is a digital currency that has some very special features. **Fifty percent** of the value of their receipt (NOT including tip) will be **awarded** to each customer in bitqy™. For example: if the check is \$250, they receive \$125 in bitqy at the current market value at the time of the award on the global tradebq.com exchange.
